## ADA SECURES STATE NORMAL ON VOTE OF 79 TO 7 IN HOUSE

The Bill Carries an Appropriation of \$100,000.00. -- Passed at 3 O'clock and is Now Before the Governor--Ada's Friend.

There Will Occur at an Early Date a Celebration Under Auspices 25,000 Club.

When the direct news came that Ada had finally won the state normal in the house, the News editor phoned Governor Haskell, inviting his congratulations and incidentally inquiring of him the time of his probable approval of the Ada bill. The Governor responded that pending the outcome of a certain administration measure already passed the senate and now in the house, which authorized the issuance of 5 per cent bonds against public school lands of the state.

sure proposed by him, above alluded to.

It is needless to say that there were some warm messages sent to Guthrie within five minutes following the governor's talk, suggesting to our friends in the legislature the extreme propriety of putting through the governor's bill authorizing the issuance of 5 per cent bonds against public school lands of the state.

Governor Haskell finally suggested after trying the News man over the coals for about 20 minutes, that he thought that Ada would be well pleased over the proposition in its finality.

The governor also stated that he was well pleased with the conduct and general showing of ability of Honorable E. S. Ratliff and Frank Huddleston during the entire term of the second Oklahoma legislature.

Notwithstanding the News editor did not very clearly follow the governor's conversation after there had

The News extends the Ada public heartiest congratulations.

### AN APPRECIATION OF JUDGE R. L. WILLIAMS DICTATED BY JUDGE JIM BOLEN RIGHT OFF THE REEL JUST PREVIOUS TO PRESS.

Judge Jim Bolen, somewhat a friend to the News man dropped by just before press time this afternoon and naturally there occurred an interchange of congratulations on the final result of the normal contest. As between them there was a tumultuous profusion of bouquets tossed in honor of Judge Bob Williams, Bill Durant and Democratic house leader, McCalla, who were Ada's old enemies in the normal fight until Durant was out of the woods but then became Ada's friends. So fluent became Judge Bolen in his praise of Bob Williams, that he was invited to dictate to the stenographer an appreciation of Bob Williams, the friend and fighter. He did so and here it is from his heart, and with the News heartiest endorsement.

Judge R. L. Williams.  
Ada secured the Normal. Gratitude is a sublime virtue. The cosmopolitan citizenship of Ada knows the meaning of gratitude and out of abundance of the possession of that divine trait Bob Williams is permanently established as the ideal of the man that is willing to render aid to the defeated. It will be remembered that Ada vigorously contested Durant for a normal school and was defeated. Bob Williams, being true to the people with whom he had lived and who had made him, came out in the open and made the fight for his home town and his home people and by his activity and mental acumen handed us a glorious defeat. We had no sore spots, he fought in the open and brave and gratuitous men loved loyalty and a game fighter. But the bigness of the man was fully shown when Ada, the defeated, was given his aid and through it secured a normal. It is suggested that he be banquetted as an expression of our appreciation of the strong loyalty in the heated contest and his reconciliatory and manly treatment of the defeated. Judge Williams is a pronounced character and aside from our distinguished governor, is in many things, the strongest character in our new state. He is a strong jurist, a politician of marked insight and ability and an advocate of pronounced strength, and withal, a real man. He is always loyal to his friends, even to the extent of sacred devotion, and his enemies do not have to ask the other fellow where Bob stands. His moral courage is extremely noticeable. The time never came when Bob would not take an active position on all question and let the world know where he stood, without regard as to what effect it might have upon him. All gratitude to honest, loyal, fighting Bob Williams. We move that he be made an honorary member of the citizenship of Ada and whether the motion prevails or not, Bob, we are with you.

#### Too Busy.

On account of the state normal bill not reaching final passage until 3 o'clock this afternoon and the continuous stream of visitors and telephone calls following, it has been difficult.

## EX-PRESIDENT REFERS TO AFRICAN TRIP

TEDDY DECLARES THAT HE WAS HAPPIEST WHEN ON WESTERN PLAINS.

### DISLIKES SO MANY LETTERS

Requests People to Cease Correspondence--Will Do All He Can to Rid of Reporters in Africa.

Oyster Bay, L. I., March 11.--While completing arrangements for his appearance at the Farwell reception to Mrs. Roosevelt and himself at the Town Hall tomorrow evening, Theodore Roosevelt threw off the mantle of silence that he has worn persistently since his arrival at Sagamore Hill and talked today about his African shooting trip. Incidentally he discussed his Colorado trip, talked of his cowboy days in the West, expressed his hearty admiration for the sunshine which bathed the bill in a soft light and remarked that he did not care to discuss the Standard Oil rebate case because he had decided opinions thereon which circumstances forced him to keep to himself.

"I have just received a telegram from a press agency asking me if I would permit a representative to accompany me on my African trip," he said to a reporter after reading a communication to him by his daughter, Ethel. "You may say for me that I shall not permit this in any circumstances. I can not prevent the newspapers sending representatives on the steamship which will take me to Naples or on the vessel which will convey me to or near Nairobi, British East Africa, but after that I shall have something to say."

"What preventive measures will you take?" was asked.

"I won't commit myself," laughed Mr. Roosevelt, "but I shall do all in my power to prevent the outfitting of any caravan that designs to follow my expedition into the jungles. I have been informed that the Associated Press expects to outfit a caravan with a view to following my party and that other news concerns that has just wired me has received similar information. If it is true, I shall do my utmost to foil the attempt. I shall welcome all newspaper men as fellow passengers until I reach my starting point in Africa."

Mr. Roosevelt changed the subject suddenly with the request that the newspapers of the country do him the favor to ask people to desist from writing letters or sending telegrams to him in the future. "I have received no less than 3,000 letters and tele-

been dispensed with the subject of the Ada state normal; still, it was plainly evident that Charlie Haskell was in a very good humor at this time, being the conclusion of the second Oklahoma legislature and the last which will probably assemble during his administration.

The state normal fight is concluded, its pathway has been a devious one, but it is a reward to the faithful.

This morning the Ada normal bill carrying an appropriation of one hundred thousand dollars was called up in the house and motion was introduced by Armstrong of Duncan that the bill be amended to show Duncan instead of Ada. His amendment lost by a large majority. Next, the vote was had on the Ada measure direct, which resulted in Ada securing 59 votes against 23 in opposition. The final passage did not occur until this afternoon at 3 o'clock, the same being on formal roll call. On roll call for final passage Ada secured 79 votes to 7 in opposition.

## ROUGH RIDERS SIT DOWN DEEP IN SEAT

OKLAHOMA BOSSES IN WASHINGTON HEARS THE WRONG WORD FROM TAFT.

Will Not Turn Out Appointees of Predecessor's Without a Cause.

Washington, D. C., March 11.—The members of the state republican organization and the republican members of congress from Oklahoma called to see President Taft this afternoon, and discussed patronage matters with him. The result was not satisfactory.

President Taft told them that he was very friendly with the previous administration and that he did not want to turn out any of the Roosevelt appointees, unless for cause. This

was a severe blow to the aspirations of the present organization and it indicates that John Abernathy and other Rough Riders, will be able to hold on a while longer. The present organization had figured on dislodging all Rough Riders. The Oklahomans told the president they wanted three places in the department of interior and one in the department of justice. They did not get a promise of these.

J. E. Jenkins, formerly editor of the Post at Oklahoma City, and for many years in the Indian service, is here and wants to be appointed commissioner of Indian affairs. He has the backing of many western representatives and senators, but not the Oklahoma delegation. Cash Cade, who was here, was summoned to his home in Shawnee this afternoon, on account of the dangerous illness of his father.

## FRANCIS EDITOR SAYS SCARED

BUT DECLARES LITTLE CITY NOT MUCH HURT.

## VISIONS OF COUNTRY TOWN

Like Little Villages of Ada and Holdenville First Impression—Farewell Dance to Division Officers' Families.

Last Saturday evening, like a thunder bolt from a clear sky, the news was received in Francis that the superintendent's office had been ordered removed to Sapulpa. No one knew what the order meant, or what might follow, and for a few hours gloom settled upon our little city like a winter fog. Some of our citizens who are gifted with vivid imaginations could see, not only the superintendent's office but the dispatcher's office the Harvey house and the round house being loaded upon flat cars and hauled away, causing our beloved city to become a mere country town like Ada or Holdenville.

Later reports, however, while they confirmed the order for the removal of the office, showed that the company had no intention of removing the division and that the removal of the superintendent's office is only a temporary expedient. When the new office building, of which the plans have already been drawn, is completed the office will be reopened here. It is given out by those who are in a position to know what they are talking about that the office will be doing business in Francis not later than July 1.

So far as the effect upon the town is concerned the temporary removal of the superintendent's office will be scarcely perceptible. The most regrettable feature of the change is the fact that we will lose some of our best citizens. We understand that Mr. and Mrs. Geiger will make their future home in California. Mr. and Mr. Doan will be located in St. Louis. The larger part of the force who remain with the company will be transferred to Sapulpa. Messrs. Gossett, Norman, Baker and Gordon we understand will be provided with position here.

It will be seen that the coterie of office people who have added so much to the material and social welfare of the town will be broken, but by no means eliminated. A good-bye hop was given at Kroeger's hall last night and today comes the bustle of departure. Every outgoing train wafts away familiar faces followed by smiling well wishes and a few tears suppressed in public perhaps, but just as real to the heart. But such is life, and an occasion like this brings to mind the fact that humanity is, as the poet says, like ships that pass in the night. And hail each other in passing.

—Francis Wigwam

## Inducement to Demonstrate.

Guthrie Okla., March 11.—Governor Haskell this afternoon signed the Morris bill for the benefit of railroads wishing to domesticate in Oklahoma. The measure passed the house finally last night.

It provides that railroad companies domesticating and taking out a state charter shall not be compelled to pay charter fee on their entire stock, pay only on that proportion of their capital invested or involved in Oklahoma

## STATE FEDERATION OF WOMEN'S CLUBS

EXECUTIVE COMMITTEE MEETS IN OKLAHOMA CITY—MUCH BUSINESS TRANSACTED.

## MRS. TOM HOPE, OF ADA, ONE OF PROMINENT VISITORS

The Ada President of 4th District Landed Big Convention for Her City—Meet May 11 and 12.

At the closing session of the executive committee of the State Federation of Women's Clubs, which convened here Wednesday morning, Oklahoma City was chosen as the place for holding the convention of the state federation next fall. The date will be fixed soon. The only other town which asked for the fall meeting of the organization was Enid.

The towns where the district conventions will be held and the dates were arranged by the executive committee yesterday afternoon as follows: First district, at Guthrie, April 22 and 23; second district, (town to be selected later) April 20 and 21; third district, at Bartlesville, April 27 and 28; fourth district, at Ada, May 11 and 12; fifth district at Chickasha, April 29 and 30.

Yesterday morning's session was devoted to the submitting of recommendations for the revision of the constitution. The changes suggested will be acted on by the session to be held this fall.

Preliminary arrangements were made for the program of the fall convention. It was decided that one day will be devoted to literature, another to music and a third to a reception and social session as is the general custom. It was decided that the delegates to the state convention must pay their own expenses. Mrs. McDougal, vice president at large, accepted an invitation yesterday afternoon to address a meeting of the city federation of women's clubs, but was unable to be present because of the business before the state committee.

Mrs. Tom Hope of Ada was one of the more influential members in attendance.

Mrs. Geo. Culver left Thursday afternoon for a few days visit in Shawnee.

### THEY NEVER FAIL.

That Is What They Say About Them in Ada, and It Is Therefore, Reliable.

Another proof, more evidence, Ada testimony to swell the long list of local people who endorse the old Quaker remedy, Doan's Kidney Pills. Read this convincing endorsement of that remarkable preparation:

G. B. Dismukes, 17 Thirteenth St., W., Ada, Okla., says: "Last fall I was suffering a great deal from a constant soreness through the kidneys and across my hips. I had no doubt that this misery was due to disordered kidneys as I had other symptoms which convinced me that this was the case. A friend finally advised me to try Doan's Kidney Pills and I procured a box at G. M. Ramsey's drug store and began their use. In a few days the pain and ache disappeared and the contents of two boxes of Doan's Kidney Pills restored me to good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

### GRIGSBY'S HOME BURNS

**RESIDENCE AND FURNITURE TOTAL LOSS.**  
The Loss of Building and Furniture Estimated at \$2,500 With Insurance of \$1,400.

The home of Attorney J. E. Grigsby in North Ada, with nearly all of his furniture and household effects was consumed by fire this morning at about 11 o'clock.

The fire originated in the roof of a front room and was caused by a defective flue.

Mrs. Grigsby was at home but was not aware of the fire until appraised of the fact by a neighbor who saw the flames leaping from the roof and gave the alarm.

The fire company made a good run and were on the scene of the burning building but the flames had gained

ed such headway that the only good water could do was to keep the flames from spreading to adjoining buildings.

Mr. Grigsby estimates the loss on building at about \$2,000 with \$1,000 insurance and on furniture and household goods at about \$1,500 with \$400 insurance.

## HASKELL SIGNS AMENDED LAW AFFECTING BANKS

MINIMUM CAPITAL ALLOWED  
CITY ADA'S SIZE NEXT YEAR  
IS \$50,000.

When Aggregate Deposits Exceed  
Ratio of Ten to One Thirty Days  
Given to Increase Capital.

Guthrie, Ok., March 11.—Amendments to the state banking law, embodied in a bill approved by Gov. Haskell, restrict state banks in deposits they may receive, exclusive of the deposits of other banks, to ten times the amount of their paid-up capital stock and surplus, and authority still rests with the State Bank commissioner to fix the maximum rate of interest banks may pay for deposits. When a bank's aggregate deposits exceeds the ratio of ten to one, it is given thirty days to increase its capital or cease receiving deposits.

To cover the complaint that State banks with small capitalization were becoming too numerous and would, under operation of the state guaranty law, prove detrimental to the banking situation, a section has been added to the law fixing the amount of capital a bank is required to possess based upon population of the community in which it is to do business, thus controlling, in a sense, the number of state banks hereafter to be organized. It will be refused a charter to organizers of a bank at Prague, Lincoln county, for the reason the town was, he thought sufficiently provided with banking institutions but the supreme court ruled that such discretionary power had not been conferred by law.

### Graded by Population.

The minimum population required before a state bank may be chartered is 500 and then the capital fully paid up must be \$10,000. From 500 to 1,500 people, the amount required is \$15,000; 1,500 to 6,000 people \$25,000; 6,000 to 20,000 people the capital required is \$100,000.

There has been a radical change in amounts of assessments for the depositors' guaranty fund, upon which the security of state banks is based, at the same stroke removing one of the chief arguments of bankers against the law. Heretofore, banks were required to pay 1 per cent upon their average daily deposits for a given year of business, the money so assessed creating the guaranty fund and out of which all the losses to depositors were to be paid. There was no restriction upon the frequency of assessments. Had it been necessary assessments could have been levied to equal the combined wealth of all state banks in a single year. Bankers complained that the law prevented their knowing what their fixed charge per year would be, at the same time, in effect, held the institution ready for absorption by the guaranty fund. While this situation was not anticipated they objected to the principle.

Under the amended law the depositors' guaranty fund is created by an assessment equal to 5 per cent of the average daily deposits, payable one-fifth the first year and one-twentieth annually thereafter until the 5 per cent is accumulated, with credit being given for all previous payments to the fund a bank has made.

### Provision for Emergencies.

Only in cases of emergency may the 5 per cent levy be exceeded. This may arise from reduction of the fund, for any reason, or the failure of a State bank, and then the emergency levy is not to bring the general fund above the 5 per cent originally held. Emergency levies can not exceed 2 per cent in any one year and then if the amount procured is sufficient to pay the depositors in full, the state banking board is directed to issue to each depositor having an unpaid deposit, a certificate of indebtedness, bearing in 6 per cent interest. The certificate of indebtedness is a lien against the depositors' guaranty fund and not the state of Oklahoma, and is redeemable as rapidly as the payments are made.

While accepting the new law with more cordiality than the old statute, bankers are disappointed that provision was not made to permit the banks making payments to the guaranty fund to carry the money as deposits. On the contrary the legislature requires that 75 per cent of the fund shall be invested in interest-bearing state securities, or other paper designated by the state constitution. Those opposing the investment feature pointed out that in time of panic, when any bank might fail, the best of securities will bring no cash, and without the cash the state would be forced to rely upon certificates against the fund, which might fail to satisfy the depositor. Answer was made that

such certificates with the activity of the state, but not its security, behind the certificates would render them negotiable more readily than bank drafts.

### Securities for State Deposits.

State bankers had hoped for amendments that would give them an additional preference over National banks in receiving deposits of public moneys. Their desires were embodied in two measures, one being an amendment to the banking law declaring guaranteed banks to be eligible to accept state funds on deposit without giving security in the shape of state warrants. This would have forced National banks to give security or do without such deposits. This section was otherwise designed to cure the complaint that the state while representing to the individual depositor that the depositors' guaranty fund was sufficient insurance, but that when the state became the depositor, it demanded that the bank in addition to the guaranty fund, pledge state warrants as a security.

Another idea was by Senator Echols declaring that only in guaranteed banks could public moneys of the state, counties, school districts or cities be placed, without attempting to deal with the class of security or whether any security, would be required. This bill was voted to its death in the senate because, the argument went, it was discrimination against National banks. The author of the bill called attention to the discrimination against state banks by the federal government in that every dollar of Federal money could only be deposited in National banks.

With a view of creating a market for state warrants, and keeping them at par, the house defeated the "no security" amendment for public deposits in state banks, which left the situation as the old law provided, and requires all classes of banks to give security for state money on deposit.

### No False Advertisements.

Bankers under penalty of the law will not be permitted to advertise that the state guarantees deposits. If any advertisement is gotten out of the law, it must hew to the line and give responsibility to the depositors' guaranty fund. Only a few banks in the state had done otherwise, however, and they, upon notice from the Banking Department, deserted the practice.

## EX-PRESIDENT REFERS TO AFRICAN TRIP

(Continued from Page One.)  
apprenticeship on the Western plains, and a little jaunt in Africa will be merely diversion."

Mr. Roosevelt reverted to his cowboy days in Dakota as the happiest of his life. When he was informed by his interviewer that he himself had spent two years on the Western cattle ranges he extended his hand warmly. "Put it there," he said enthusiastically. "Now that we've got into other business we are both down and out. Give me the life of the prairies every time. It puts ginger into your veins and a soul into your body."

Mr. Roosevelt then talked of the peculiarities of mountain lions, jaguars and other animals he had killed while in Colorado some years ago. He forebore talking of the nature fakers but said he had found the mountain lion a cowardly animal. "I killed several," he said, "and they invariably were on the run. A jaguar, when wounded, will attack you as will of course a bear. I killed some crocodiles in the canyons but this afforded me little pleasure, except when I shot a man-eating crocodile. I shall come across some of these in Africa, probably, and, of course, I shall pay them my respects."

The former president was reminded by his daughter that his correspondence awaited him in the library and he made his familiar gesture indicating that he must be excused. He asked what he thought of the abandonment of the Standard Oil prosecution in Chicago, and a perceptible frown crept into his face.

"I have decided opinions upon the subject," he answered, "but circumstances force me to remain quiet. Therefore you must excuse me."

Mr. Roosevelt closed the interview with the statement that he would receive his old friends and townsmen in the Town Hall at Oyster Bay tomorrow evening, and expressed great pleasure thereat.

Mr. Roosevelt stepped out to the veranda of his cottage and inflated his chest with the bracing ozone that came with the steadiness of a gale across the bay from the southwest.

"It's glorious," he remarked with fervor. "A friend of mine once said all the pure air on Long Island was centered about Sagamore Hill, and I agree with him. It surely is a paradise on a sunshiny day in early spring like this. Good Morning."

## 28 HOUSE BILLS PASSES SENATE

### CITY ELECTION BILL RECALLED

AMONG OTHER APPROPRIATIONS THAT OF MORE THAN HALF MILLION DOLLARS FOR NORMAL SCHOOLS PASS.

Guthrie, Ok., March 11.—The senate today disposed of 28 bills on its calendar and demonstrated that it will have no difficulty in clearing its calendar before tomorrow night, the time fixed for final adjournment, although the time consumed by the house today on the pipe line bill has made it very doubtful whether such a consummation can be hoped for. All senate bills were of course stricken from the senate calendar, as the time for their consideration expired last night, and the entire time was devoted to house bills.

The senate killed the Butts bill from the house, authorizing the county commissioners of Alfalfa county to donate the old Woods county high school at Helena to the state for use as a secondary agricultural school for the fifth district. If it should be decided to locate the school at this place, strenuous objections to the bill were made by Senators Billups and Mitchell and others who had towns in their districts which were candidates for the school, on the ground that the passage of this bill would give Helena an unfair advantage in the contest for the school.

Three bills affecting agricultural interests were passed finally, including the bills by Sherman, regulating the sale of nursery stock; by Earle and Murphy, to encourage county farmers institutes; by Bell, requiring cotton ginners to report to the board of agriculture.

The Ross-Gilmer bill, providing for the leasing of certain school land in Lincoln county to the national guard for rifle range and maneuver grounds which excited much debate and some considerable opposition in the house, passed the senate without discussion or opposition.

House appropriation bills, aggregating nearly \$2,000,000 were advanced to third reading and final passage. The largest appropriation in today's list was \$549,980 for the normal schools. Of this amount \$200,000 was added on the floor of the senate for the benefit of the two new normals just established on the east side. Others in the list were \$200,000 for buildings and \$150,000 for maintenance of the Vinita insane asylum; \$115,000 for building and \$133,000 for maintenance of the school of mines at Wilburton; \$75,000 additional for a building for the South-eastern normal at Durant; \$181,200 for the corporation commission; \$2,000 for the state board of education; \$198,352 for maintenance of the A. & M. college; \$113,400 for buildings and equipment for the Whitaker Orphans 1907 election. Minor appropriations were also contained in the two pure food commission bills, \$25,000 for the pure food commission proper, and \$10,000 for the dairy commission work which is placed under the board of agriculture.

The senate also advanced to third reading bills by Cope and Wilson, authorizing the sale of a tract of school land at El Reno; by Ross, for the eradication of fever ticks; by Smith, in regard to the state examiner's office (salaries of assistants raised from \$1,500 to \$1,800); by Gilmer, for organization of mutual hail insurance companies; by Wortman and Dunn, for payment of expenses of county superintendents; by Bur-

nette, authorizing cities to own cemeteries; by Semple, providing for holding terms of county court in various counties.

The senate refused to concur in the house amendments to the general and primary election bills and sent both bills to conference.

Both houses today agreed to the conference report on the codifying commission bill accepting the amendment which made the number of code commissioners five instead of three.

The new city election bill was recalled from the governor by a resolution passed by both houses, in order to make provision in it for cities operating under commission form of government.

There will occur in tomorrow's News a more replete statement than possible in this issue.

## ROUGH RIDERS SIT DOWN DEEP IN SEAT

OKLAHOMA BONNERS IN WASHINGTON HEARS THE WRONG WORD FROM TAFT.

Will Not Turn Out Appointees of Predecessor's Without a Cause.

Washington, D. C., March 11.—The members of the state republican organization and the republican members of congress from Oklahoma called to see President Taft this afternoon, and discussed patronage matters with him. The result was not satisfactory.

President Taft told them that he was very friendly with the previous administration and that he did not want to turn out any of the Roosevelt appointees, unless for cause. This

was a severe blow to the aspirations of the present organization and it indicates that John Abernathy and other Rough Riders, will be able to hold on a while longer. The present organization had figured on dislodging all Rough Riders. The Oklahomaans told the president they wanted three places in the department of interior and one in the department of justice. They did not get a promise of these.

J. E. Jenkins, formerly editor of the Post at Oklahoma City, and for many years in the Indian service, is here and wants to be appointed commissioner of Indian affairs. He has the backing of many western representatives and senators, but not the Oklahoma delegation. Cash Cade, who was here, was summoned to his home in Shawnee this afternoon, on account of the dangerous illness of his father.

## FRANCIS EDITOR SAYS SCARED

BUT DECLARES LITTLE CITY NOT MUCH HURT.

## VISIONS OF COUNTRY TOWN

Like Little Villages of Ada and Holdenville First Impression—Francis well Dances to Division Officers' Families.

Last Saturday evening, like a thunder bolt from a clear sky, the news was received in Francis that the superintendent's office had been ordered removed to Sapulpa. No one knew what the order meant, or what might follow, and for a few hours gloom settled upon our little city like a winter fog. Some of our citizens who are gifted with vivid imaginations could see, not only the superintendent's office but the dispatcher's office, the Harvey house and the round house being loaded upon flat cars and hauled away, causing our beloved city to become a more country town like Ada or Holdenville.

Later reports, however, while they confirmed the order for the removal of the office, showed that the company had no intention of removing the division and that the removal of the superintendent's office is only a temporary expedient. When the new office building, of which the plans have already been drawn, is completed the office will be reopened here. It is given out by those who are in a position to know what they are talking about that the office will be doing business in Francis not later than July 1.

So far as the effect upon the town is concerned the temporary removal of the superintendent's office will be scarcely perceptible. The most regrettable feature of the change is the fact that we will lose some of our best citizens. We understand that Mr. and Mrs. Geiger will make their future home in California. Mr. and Mrs. Doan will be located in St. Louis. The larger part of the force who remain with the company will be transferred to Sapulpa. Messrs. Gossette, Norman, Baker and Gordon we understand will be provided with position here.

It will be seen that the coterie of office people who have added so much to the material and social welfare of the town will be broken, but by no means eliminated. A good-bye hop was given at Kroeger's hall last night and today comes the bustle of departure. Every outgoing train wafts away familiar faces followed by smiling well wishes and a few tears suppressed in public perhaps, but just as real to the heart. But such is life, and an occasion like this brings to mind the fact that humanity is, as the poet says, like ships that pass in the night. And hail each other in passing.

—Francis Wigwam

**Inducement to Demonstrate.**  
Guthrie Okla., March 11.—Governor Haskell this afternoon signed the Morris bill for the benefit of railroads wishing to domesticate in Oklahoma. The measure passed the house finally last night.

It provides that railroad companies domesticating and taking out a state charter shall not be compelled to pay charter fee on their entire stock, pay only on that proportion of their capital invested or involved in Oklahoma.

## STATE FEDERATION OF WOMEN'S CLUBS

EXECUTIVE COMMITTEE MEETS IN OKLAHOMA CITY—MUCH BUSINESS TRANSACTED.

## MRS. TOM HOPE, OF ADA, ONE OF PROMINENT VISITORS

The Ada President of 4th District Landed Big Convention for Her City—Meet May 11 and 12.

At the closing session of the executive committee of the State Federation of Women's Clubs, which convened here Wednesday morning, Oklahoma City was chosen as the place for holding the convention of the state federation next fall. The date will be fixed soon. The only other town which asked for the fall meeting of the organization was Enid.

The towns where the district conventions will be held and the dates were arranged by the executive committee yesterday afternoon as follows: First district, at Guthrie, April 22 and 23; second district, (town to be selected later) April 20 and 21; third district, at Bartlesville, April 27 and 28; fourth district, at Ada, May 11 and 12; fifth district, at Chickasha, April 29 and 30.

Yesterday morning's session was devoted to the submitting of recommendations for the revision of the constitution. The changes suggested will be acted on by the session to be held this fall.

Preliminary arrangements were made for the program of the fall convention. It was decided that one day will be devoted to literature, another to music and a third to a reception and social session as is the general custom. It was decided that the delegates to the state convention must pay their own expenses. Mrs. McDougal, vice president at large, accepted an invitation yesterday afternoon to address a meeting of the city federation of women's clubs, but was unable to be present because of the business before the state committee.

Mrs. Tom Hope of Ada was one of the more influential members in attendance.

Mrs. Geo. Culver left Thursday afternoon for a few days visit in Shawnee.

That Is What They Say About Them in Ada, and It Is Therefore, Reliable.

Another proof, more evidence, Ada testimony to swell the long list of local people who endorse the old Quaker remedy, Doan's Kidney Pills. Read this convincing endorsement of that remarkable preparation:

G. B. Dismukes, 17 Thirteenth St., W. Ada, Okla., says: "Last fall I was suffering a great deal from a constant soreness through the kidneys and across my hips. I had no doubt that this misery was due to disordered kidneys as I had other symptoms which convinced me that this was the case. A friend finally advised me to try Doan's Kidney Pills and I procured a box at G. M. Ramsey's drug store and began their use. In a few days the pain and ache disappeared and the contents of two boxes of Doan's Kidney Pills restored me to good health."

### GRIGSBY'S HOME BURNS

#### RESIDENCE AND FURNITURE TOTAL LOSS.

The loss of Building and Furniture Estimated at \$7,500 With Insurance of \$1,400.

The home of Attorney J. L. Grigsby in North Ada was entirely destroyed by fire on Monday night at about 10 o'clock.

The fire originated in the roof of the front porch and was caused by a defective chimney.

Mrs. Grigsby was in the house at the time of the fire and escaped without injury. She was assisted by a neighbor who saw the flames coming from the roof and gave her aid.

The fire company made a good run and were on the scene of the burning building but the flames had gained

such headway that the only good water could do was to keep the flames from spreading to adjoining buildings.

Mrs. Grigsby estimates the loss on building at about \$7,500 with \$1,400 insurance and on furniture and household goods at about \$1,500 with \$100 insurance.

#### EXPERT HAIR DRESSER.

## ROUGH RIDERS SIT DOWN DEEP IN SEAT

OKLAHOMA BOSSES IN WASHINGTON HEARS THE WRONG WORD FROM TAFT.

Will Not Turn Out Appointees of Predecessor's Without a Cause.

Washington, D. C., March 11.—The members of the state republican organization and the republican members of congress from Oklahoma called to see President Taft this afternoon, and discussed patronage matters with him. The result was not satisfactory.

President Taft told them that he was very friendly with the previous administration and that he did not want to turn out any of the Roosevelt appointees, unless for cause. This

was a severe blow to the aspirations of the present organization and it indicates that John Abernathy and other Rough Riders, will be able to hold on a while longer. The present organization had figured on dislodging all Rough Riders. The Oklahomans told the president they wanted three places in the department of interior and one in the department of justice. They did not get a promise of these.

J. E. Jenkins, formerly editor of the Post at Oklahoma City, and for many years in the Indian service, is here and wants to be appointed commissioner of Indian affairs. He has the backing of many western representatives and senators, but not the Oklahoma delegation. Cash Cade, who was here, was summoned to his home in Shawnee this afternoon, on account of the dangerous illness of his father.

## FRANCIS EDITOR SAYS SCARED

BUT DECLARES LITTLE CITY NOT MUCH HURT.

## VISIONS OF COUNTRY TOWN

Like Little Villages of Ada and Holdenville First Impressions—Farewell Dance to Division Officers' Families.

Last Saturday evening, like a thunder bolt from a clear sky, the news was received in Francis that the superintendent's office had been ordered removed to Sapulpa. No one knew what the order meant, or what might follow, and for a few hours gloom settled upon our little city like a winter fog. Some of our citizens who are gifted with vivid imaginations could see, not only the superintendent's office but the dispatcher's office, the Harvey house and the round house being loaded upon flat cars and hauled away, causing our beloved city to become a mere country town like Ada or Holdenville.

Later reports, however, while they confirmed the order for the removal of the office, showed that the company had no intention of removing the division and that the removal of the superintendent's office is only a temporary expedient. When the new office building, of which the plans have already been drawn, is completed the office will be reopened here. It is given out by those who are in a position to know what they are talking about that the office will be doing business in Francis not later than July 1.

So far as the effect upon the town is concerned the temporary removal of the superintendent's office will be scarcely perceptible. The most regrettable feature of the change is the fact that we will lose some of our best citizens. We understand that Mr. and Mrs. Geiger will make their future home in California. Mr. and Mr. Doan will be located in St. Louis. The larger part of the force who remain with the company will be transferred to Sapulpa. Messrs. Gossett, Norman, Baker and Gordon we understand will be provided with position here.

It will be seen that the cortege of office people who have added so much to the material and social welfare of the town will be broken, but by no means eliminated. A good-bye hop was given at Kroeger's hall last night and today comes the bustle of departure. Every outgoing train waits away familiar faces followed by smiling well wishes and a few tears suppressed in public perhaps, but just as real to the heart. But such is life, and an occasion like this brings to mind the fact that humanity is, as the poet says, like ships that pass in the night, and hail each other in passing.

Guthrie Okla., March 11.—Governor Haskell this afternoon signed the Morris bill for the benefit of railroads wishing to domesticate in Oklahoma. The measure passed the house Monday last night.

It provides that railroad companies domesticating and taking out a state charter shall not be compelled to pay charter fee on their entire stock, pay only on that proportion of their capital invested or involved in Oklahoma.

## STATE FEDERATION OF WOMEN'S CLUBS

EXECUTIVE COMMITTEE MEETS IN OKLAHOMA CITY—MUCH BUSINESS TRANSACTED.

## MRS. TOM HOPE, OF ADA, ONE OF PROMINENT VISITORS

The Ada President of 4th District Landed Big Convention for Her City—Met May 11 and 12.

At the closing session of the executive committee of the State Federation of Women's Clubs, which convened here Wednesday morning, Oklahoma City was chosen as the place for holding the convention of the state federation next fall. The date will be fixed soon. The only other town which asked for the fall meeting of the organization was Enid.

The towns where the district conventions will be held and the dates were arranged by the executive committee yesterday afternoon as follows: First district, at Guthrie, April 22 and 23; second district, (town to be selected later) April 20 and 21; third district, at Bartlesville, April 27 and 28; fourth district, at Ada, May 11 and 12; fifth district, at Chickasha, April 29 and 30.

Yesterday morning's session was devoted to the submitting of recommendations for the revision of the constitution. The changes suggested will be acted on by the session to be held this fall.

Preliminary arrangements were made for the program of the fall convention. It was decided that one day will be devoted to literature, another to music and a third to a reception and social session as is the general custom. It was decided that the delegates to the state convention must pay their own expenses. Mrs. McDougal, vice president at large, accepted an invitation yesterday afternoon to address a meeting of the city federation of women's clubs, but was unable to be present because of the business before the state committee.

Mrs. Tom Hope of Ada was one of the more influential members in attendance.

Mrs. Geo. Culver left Thursday afternoon for a few days' visit in Shawnee.

## THAT NEVER FAIL.

That Is What They Say About Them in Ada, and It Is Therefore, Reliable.

Another proof, more evidence, Ada testimony to swell the long list of local people who endorse the old Quaker remedy, Doan's Kidney Pills. Read this convincing endorsement of that remarkable preparation:

G. B. Dismukes, 17 Thirteenth St., W., Ada, Okla., says: "Last fall I was suffering a great deal from a constant soreness through the kidneys and across my hips. I had no doubt that this misery was due to disordered kidneys as I had other symptoms which convinced me that this was the case. A friend finally advised me to try Doan's Kidney Pills and I procured a box at G. M. Ramsey's drug store and began their use. In a few days the pain and ache disappeared and the contents of two boxes of Doan's Kidney Pills restored me to good health."

### GRIGSBY'S HOME BURNS

#### RESIDENCE AND FURNITURE TOTAL LOSS.

The loss of building and furniture estimated at \$4,500 with loss of about \$1,000.

The home of Attorney J. L. Grigsby in Ada was destroyed by fire last night. The fire originated in the roof of a front porch and spread rapidly.

Mrs. Grigsby was at home but was not aware of the fire until apprised of it by a neighbor who saw the flames coming from the roof and gave her alarm.

The fire company made a good run and were on the scene of the burning building but the flames had gained such headway that the only good water could do was to keep the flames from spreading to adjoining buildings.

Mr. Grigsby estimates the loss on building at about \$2,000 with \$1,000 on furniture and household goods. He has goods at about \$1,000 with \$1,000 on furniture.

## HASKELL SIGNS AMENDED LAW AFFECTING BANKS

### MINIMUM CAPITAL REQUIRED CITY ADAMS NEXT YEAR IS \$50,000.

When Aggregate Deposits Exceed \$100,000, the City of Ada will require a minimum capital of \$50,000.

On March 11, 1914, the city of Ada passed a law amending the city charter to require that any bank doing business in the city must have a minimum capital of \$50,000 when its aggregate deposits exceed \$100,000. This law was signed by Mayor Haskell.

The law was passed to protect the city and its citizens from the risk of failure of banks. It was also passed to encourage the growth of the banking industry in Ada.

The law was passed after a long and heated debate in the city council. The council members were divided on the issue, but in the end, the law was passed by a majority vote.

The law will take effect on January 1, 1915.

such certificates with the activity of the state but not its security. The certificates would tend to make the banks more responsible and more reliable.

### Stimulus for State Deposits.

State bankers had hoped for amendments that would give them an additional preference over National banks in the deposit of public money. These desires were embodied in two bills, one of which was introduced in the state legislature.

The bills were passed by the legislature and signed by the governor. They were intended to encourage the state to deposit its money in local banks.

### No False Advertisements.

Bankers and publishers of the law are not permitted to make false advertisements. They must be truthful and accurate.

## EX-PRESIDENT REFERS TO AFRICAN TRIP

Continued from Page One. The ex-president of the United States, Woodrow Wilson, has returned from a trip to Africa.

Mr. Wilson's trip to Africa was a successful one. He visited several countries and met with the heads of state. He also visited the battlefields of the Boer War.

Mr. Wilson's trip was intended to show the world that the United States was a powerful nation. It was also intended to show the world that the United States was a nation that cared for its people.

Mr. Wilson's trip was a great success. He returned to the United States with a great deal of respect and admiration from the people of Africa.
